BALBAUD, Paul <Instructor, Faculty of Applied Science> January 1919 (028)

January 27th, 1919

M. Paul Galbaud,

France.

Dear M. Galbaud:

As you will doubtless soon be returning to Canada I feel that I ought to write to you about your future connection with the University of Toronto. As you know we have been retaining you on full pay as Instructor in French of the Faculty of Applied Science during the period of the war. Our regular professors and lecturers have been receiving only half pay during the war. However, it has been decided by the Faculty of Applied Science to discontinue the work in French, and therefore the position that you held is now no longer in existence. On consulting the Department of French in University College in regard to the matter they have definitely told me that there is no position in Arts that they can offer you. It will be necessary therefore for you to make preparations for your future without the expectation of a position on the university staff. However, the Governors wish to be as generous as possible to you and without continuing you on the staff as an Instructor in the Faculty of Applied Science they will continue your salary for one year more in order that you may be able more easily to adjust yourself to your new conditions when you return home. This of course is entirely due

to your war service. Hoping that you will soon be able to reinstate yourself in work that will give you a satisfactory livelihood, I am,, with kind regards,

Yours sincerely,

President.
